SEASONAL SNIFFS/SAFETY TIPS Hot Weather Reminder: Keep Those Paws Safe!

🐾 Sidewalks and pavement can get dangerously hot, even if the air feels comfortable. If it's too hot for your hand, it's too hot for their paws.

🚑 Heatstroke can happen quickly, especially in our short-nosed (brachycephalic) breeds like bulldogs, pugs, and boxers. Always bring water, take breaks in the shade, and know the signs of overheating: heavy panting, drooling, weakness, or confusion.

🚗 Never leave your pet in the car unless the engine is running and the AC is on—cars can reach deadly temperatures in minutes, even with the windows cracked.

Let's keep our furry friends safe, cool, and happy this summer!

ADOPTABLE PET OF THE MONTH

Introducing Pipsey & Wagner – your dream team, built-in best friends, and a two-for-one love story waiting to unfold.

WAGNER: The Ball-Loving Goofball with a Heart of Gold

This lovable goof is all heart. He's the kind of dog who lights up a room with his presence – playful, soulful, and full of silly charm. He thrives on affection, takes his naps seriously, and adores having Pipsey by his side through it all. Together, they wrestle, snuggle, and move through life like two puzzle pieces that just fit.

PIPSEY: The Sweetest Princess You'll Ever Meet

She's playful with Wagner and affectionate with people, and her quiet devotion makes her incredibly special. Whether she's leaning into you for pets or just quietly following you from room to room, Pipsey brings calm, love, and loyalty in every step.
